Attention: Mr. Phil Poli
Reregistration and Special Review Division

Dear Mr. Poli:

RE: Aldicarb Data Call-In Notice

As required by the data call-in notice for aldicarb we are submitting a additional data to support the aldicarb soybean processing study. The new information relates to the conditions of storage for soybean samples. The data are an amendment to MRID No. 42467302.

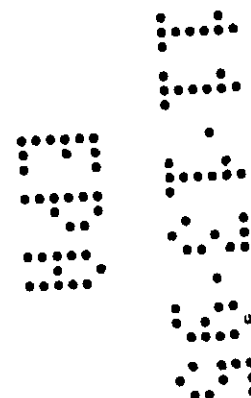

We now have only one study remaining for the aldicarb data call-in's. This is the citrus metabolism report with a scheduled completion date of January 1995.

If you have any questions please contact me personally.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Warren A. Davis'.
